## HUTT CITY

We exist to bring people into a life changing relationship with Jesus

Kia Ora Hutt City Corps,

Welcome to Spring 2019!!! Well at least that's what they say is the season we are in. Personally I am looking forward with anticipation to brighter weather and more settled days.

Spring is also a time when spring cleaning can be done! This is not always an exciting time, but one that is necessary to keep 'clean house'. What about spiritually? Do you take time to 'spring clean' your life?

"He's missing the forest for the trees" is a well-known saying meaning that a person can get so caught up in the details at hand that he misses the main point. You know most of us can fall into the trap when it comes to planning our daily life.

Question: What is our purpose here on earth? To honour and obey God, working diligently to follow the principles set forth in His Word. But what do we do instead? We focus on the details at hand—climbing the corporate ladder, gaining material things, taking children to sport events, being on this committee and that committee. We've lost the big picture. Take a hard look at your to-do list. Is there anything on it that is going to develop your relationship with God? Is there something on it that might not be pleasing to him? What can you cross off and exchange for something of real and lasting significance?

This spring time may you find time to seek first God's Kingdom in your life and your family.

Blessings

Ivan & Glenda Bezzant.

## Welcome Everyone...
